Lac Vieux Desert Health Center

Integrated Nurse Case Manager (RN)

Behavioral Health/Primary Care Department
Full-Time Employment, $25-$29/hour

DESCRIPTION:

The primary responsibility of the case manager will be to interact with patients including those with serious mental illness and/or co-occurring disorders, focusing on providing population-based, whole person, patient centered care. This care may address mental health and substance abuse conditions, health behaviors (including their contribution to chronic medical illnesses), life stressors and crises, stress-related physical symptoms and ineffective patterns of health care utilization. The case manager is responsible for the interaction and coordination of care between behavioral health, primary care, and specialty care. The case manager must properly engage patients in their treatment by using clear and empathetic communication. Building strong community relationships, creating self-management supports for patients, implementing technological supports for clinical care, and using decision supports for clinical care, are key elements in integrated case management. Trusting relationships with patients, families, and staff enhance whole-person, team based, integrated care. Evaluation and tracking of outcomes of care are part of a continuous quality improvement process. The case manager will assist in research and development of facility wide policies and procedures in an effort to seek accreditation and promote the highest quality of care.

RESPONSIBILITIES:

- Interacts with patients including those who have serious mental illness (SMI) and or co-occurring disorders (COD), promoting positive mental health and social functioning of children, adolescents, and adults served by LVDHC.
- Acts as a liaison and facilitates information and/or service requests between clients, staff, Primary Care Providers (PCP) and specialty providers, e.g., psychiatrists, psychologist.
- Assist with enrollment in various services.
- Complete patient intakes and screening tools.
- Is responsible for the interaction and coordination with Primary Care Providers and facilitates referrals as necessary.
- Coordinates and monitors scheduling and maintenance of appointments and services.
- Enhances patient engagement by helping patients feel comfortable, impacting patient characteristics (e.g., motivation), and improving the therapeutic relationship by using a variety of techniques.
- Educates patients about their illness and involves them when making treatment decisions.
- Manages transition of care by contacting treatment centers and hospitals, reconciling medications, arranges necessary follow-up appointments and after care services, ensuring understanding of discharge instructions, etc.
- Engages patient's family care to enhance the patient's social support.
- Develops relationships with community organizations that offer resources to more fully meet patient needs.
- Understands the ethical and legal issues common integrated care.
- Develops trusting relationships with patients, families, and other team members.
- Proactively reaches out and does follow up contact with patients, discuss adherence and barriers.
- Assists in development pf facility wide policies and procedures and provide education and training to staff and clients.
- Works with clinic administration facility wide with AAAHC, CARF, or other accreditation for the Lac Vieux Desert Health Center, working to implement organization-wide performance and quality training.
- Assist to establish a continuous performance and quality im provement effort and monitoring and reporting system.
- Coordinates and participates in community health education events.
- Manages special health and wellness projects as needed.

MINIMUM QUALIFICATIONS:

- Registered Nurse licensed in MI
- Case management experience
- Valid Driver License
- Ability to work independently with a strong sense of initiative
- Strong interpersonal skills, clinical interviewing skills and ability to communicate with patients in a warm and open manner.
- Ability to work in fast paced, action-oriented culture of primary care being flexible and quickly adapting to changes.
- Understand the impact of stigma related to behavioral health problems
- Must have working knowledge of HIPAA laws

The above statements are intended to describe the general nature and level of work performed by people assigned to this classification. They are not intended to be construed, as an exhaustive list of all responsibilities, duties and skills required of personnel so classified. Management retains the right to add or to change the duties of the position at any time. Must be able to pass a pre-employment drug screen and applicable background checks related to the position.

Date Approved by the Tribal Council: February 9, 2017
